ASSERTION OF SMALL ENTITY STATUS UNDER 37 C.F.R. 1.27(C)

Sir,

Applicants' undersigned counsel asserts, on behalf of Applicant, the small entity status in the above-identified patent application. Applicants state that small entity status is entitled to be asserted for the above-identified patent application.

It is to be noted that a notice regarding loss of entitlement to small entity status was made in good faith and filed in the subject application on June 7, 2010. However, this change in status was based on an incorrect communication to the undersigned. It is now believed that the subject application has always been, and is currently entitled to, the small entity status. A request for refund of the large entity fees paid on June 7, 2010, is filed herewith as a separate paper.

It is believed that no fees are due in connection with this assertion. However, if any fees are determined to be due, the Commissioner is hereby authorized to charge these fees to the undersigned's Deposit Account No. **50-0206**.

JUNE 14, 2010

Respectfully submitted,
